UNI-TREND LM600

Laser meter - Non-slip and quiet design - Objective lens diameter of 24mm - Optical zoom telescope 6X - Range up to 548,6m with millimetre accuracy - Distance, angle and speed measurement

- UNI-T
- Laser meter
- Non-slip design
- Optical zoom telescope 6X
- Objective lens 24mm diameter
- Distance measurement between 4.57~548,64m
- Height measurement up to 228,6m
- Angle measurement $\pm 45^\circ$
- Speed measurement between 0~300km/h
