MARCA BLANCA ABE-150

Infrared barrier detector - Wired | 3 beams - Max distance. detection 150 / 450 m - High configuration capacity - Tamper | Relay Outputs | LED Display - Power supply 12~24VDC/VAC

- Triple beam infrared barrier for outdoor
- Wired
- Maximum detection transmitter / receiver 450 m (interior) and 150 m (exterior)
- Triple adjustable lens
- H: $\pm 90^\circ$ / V: $\pm 10^\circ$
- DIP Switch for programming
- 4 work frequencies
- Easy programming over LED Display
- Power 12-24 VDC/VAC
