

UNI-TREND UT305H

Infrared Precision Thermometer - Accuracy $\pm 0.3^{\circ}\text{C}$ - Measurement range 32°C ~ 43°C - Immediate and contactless measurement - Response time 250ms - High temperature LED and sound alarm

- Infrared Thermometer
- Instantaneous measurement
- High measurement accuracy ±0.3°C
- Measurement range 32°C ~ 43°C
- Contactless measurement
- Sound notification and LED color change based on temperature measurement
- Additional Light
- Autonomous battery system
- Possibility of tripod mounting
