Split type anemometer - High-precision wind speed sensor - Temperature sensor - Automatic shutdown | Memory - PC connection via USB - Backlit LCD display

- UNI-T
- Split-type anemometer
- Precise wind speed sensor
- Temperature sensor
- Wide measurement range 1.4~108km/h and 0~40°C
- LCD backlit display 10000 accounts
- Multiple measurement units
- PC connection via USB
- Automatic recording configuration
- MAX/MIN measuring modes
- Automatic shutdown
- Low battery indicator
