UNI-TREND UT363-BT

Split type hand-held anemometer - High-precision wind speed sensor - Temperature sensor - Automatic shutdown - Connection to APP via Bluetooth - Backlit LCD display

- UNI-T
- Split type hand-held anemometer - Accurate wind speed sensor
- Temperature sensor
- Auto-range
- Backlit LCD display
- Wide measurement range 0~30m/s (108km/h) and -10~50°C
- Multiple measurement units
- Maximum/Minimum/Average measurement modes
- Falling test of 1 m
- Connection to APP via Bluetooth
