UNI-TREND UT521

Earth Resistance Meter - LCD display up to 2000 accounts - Earth resistance measurement up to 2000 Ω - AC ground voltage measurement up to 200V - Data storage - Automatic shutdown

- UNI-T
- CAT III earth resistance meter 600V
- LCD display up to 2000 accounts
- Performs accurate earth resistance measurements up to 2000 Ω of 3 cables and 2 single wires in electrical and power systems, lightning protection equipment and grounding systems in electrical equipment
